|                                  |                                           | <p>Provided further that in case of Govt. land which are fully encumbered then the TDR of such encumbered plot shall be granted as per the clarifications given by the Govt. from time to time.</p> <p>4.1.2 DRC shall be issued only after the land is transferred to the Municipal Corporation, only after compliance of conditions stipulated in these regulations and after handing over and taking over possession of the reserved land for which TDR is sought at free of cost and free from encumbrances and after leveling the land to the surrounding ground level and after constructing / erecting a 1.5 m. high compound wall / fencing i.e. brick/stone wall up to 0.60 mt above ground level and fencing above that up to remaining height with a gate, at the cost of the owner and to the satisfaction of the Municipal Commissioner. Provided that, if on certain lands such construction / erection of compound wall / fencing is prohibited or restricted by any regulation, then quantum of Transferable Development Rights (TDR ) shall be reduced as prescribed in proviso to Clause 4.1.1.</p> <p>Provided further that such construction/erection of compound wall/fencing shall not be necessary for area under Development Plan roads. In such cases TDR equivalent to entitlement as mentioned in regulation no 4.1.1 shall be granted without any reduction.</p> <p>4.1.3 If any contiguous land of the same owner/developer, in addition to the land under surrender for which Transferable Development Rights (TDR) is to be granted, remains unbuildable, the Municipal Commissioner may grant Transferable Development Rights (TDR) for such remaining unbuildable land also if the owner / developer hands it over free of cost and free from all encumbrance and encroachment. If such land is from the proposed roads then such land shall be utilized for road side parking, garden, open space or road side amenities including bus bays, public toilets or any compatible user as the Commissioner may decide and if the such land is from the proposed reservation then same shall be included in such proposed reservation and shall be developed for the same purpose. The Municipal Commissioner shall quarterly report such cases to Government.</p> <p>4.1.4 In case of lessee, the award of Transferable Development Rights (TDR ) shall be subject to lessee paying the lessor or depositing with the Planning Authority for payment to the lessor, an amount equivalent to the value of the lessors' interest to be determined by the Planning Authority on the basis of</p> |                                                                                       |                                                                                                           |                                                                                                               |

|                                  |                                           | <p>quantum of TDR to be utilised, at the rate of 5% of construction cost as per the prevailing Annual Statement of Rates.</p> <p>7.0 VESTING OF LAND :-</p> <p>7.1 The Commissioner, before issuing DRC, shall verify and satisfy himself that the ownership and title of the land proposed for surrender is with the applicant, and get the Record of Right to be corrected in the name of Planning Authority.</p> <p>7.2 In case the Appropriate Authority for reservation is other than Planning Authority, it shall be permissible for the Commissioner on the request of such authority to grant TDR under this regulation and hold such possession as a facilitator. Provided that, the Municipal Commissioner shall handover the possession of such land to concerned Appropriate Authority, after receipt of value of land, from such Appropriate Authority as per Annual Statement of Rates prevailing at the time of handing over possession of land under reservation.</p> <p>Provided also that, if such Appropriate Authority is the State Government Department, the Municipal Commissioner shall handover the possession of such land to the concerned Department free of cost.</p> <p>8.0 EFFECT OF THIS REGULATION:-</p> <p>Provision of Generation of TDR from these regulations shall not be applicable where DRC has been issued prior to publication of these regulations. "However DRCs issued under the old Regulations shall be allowed to be utilised as per TDR zones of old Regulations without indexation but subject to all other conditions of these Regulations. Such utilisation shall be allowed for one year only.</p> <p>Provided also that old TDR purchased for utilisation on a specific plot with registered documents of sale and/or specific proposal for utilisation of such TDR pending in the ULBs prior to these regulations shall be allowed completely as per the old regulations".</p> <p>(EP-70)</p> |                                                                                       |                                                                                                           |                                                                                                               |

|                        |                                  | <p>Note: Fungible FSI as applicable on the surplus area to be handed over to MHADA shall not be allowed to be utilized on sale component. No premium shall be charged on the fungible FSI, in respect of area to be handed over to MHADA and surplus area to be handed over to MHADA shall be exclusive of the Fungible BUA if availed.</p> <p>3) For the purpose of calculating FSI, the entire area of the layout including DP roads and internal roads but excluding the land under the reservation of public amenities shall be considered. Sub-division of plots shall be permissible on the basis of the compulsory open spaces as in these Regulations.</p> <p>4)a) An infrastructure charge at 7% of the Land Rate for the BUA as per ASR (for FSI 1) of the year of approval beyond Zonal (basic) FSI (including fungible FSI) shall be paid to MCGM. 75 % of the Infrastructure Charge levied and collected by MHADA shall be transferred to MCGM for developing necessary offsite infrastructure. These infrastructural charges shall be in addition to development charges levied as per section 124 of MR&amp;TP Act 1966.</p> <p>b) No premium shall be charged under Regulation 31(1) &amp; 31 (3) for construction of EWS/LIG/MIG tenements by MHADA on a vacant plot, in a redevelopment project for EWS/LIG/MIG tenements towards the share of MHADA and for rehabilitation component (existing BUA in old building) of a redevelopment project.</p> <p>5) Notwithstanding anything contained in these Regulations, the other relaxation incorporated in Regulation No. 33(10) of these Regulations except clause 6.18 shall apply to the housing schemes under this Regulation for construction of tenements under EWS/LIG/MIG categories. However, the front open space shall not be less than 3.0 m.</p> <p>7) a) In any Redevelopment Scheme where the Co-operative Housing</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |

|                        |                                  | <p>The developer/owner shall be entitled for BUA in lieu of cost of construction against handing over of built up amenity as per Note (d) of Regulation 17(1).</p> <p>(g) Notwithstanding anything contained in these Regulations, site of existing cessed structures on lands reserved/designated for Rehabilitation &amp; Resettlement (RR2.1) shall be treated as sites for development of cessed structures and shall be allowed for redevelopment according to this Regulation.</p> <p>(h) Contravening structures in TP Scheme and structures on the road shall also be included in the redevelopment scheme. FSI for the same will be as under DCR33(12) or as provided in these</p> | <p>Housing Society with the prior approval of <b>Authority as decided by Govt. may convert the proposal in accordance with</b> modified regulations, only regarding size of tenements and loading of FSI, in-situ. However, such conversion is optional and shall not be binding.</p> <p>(b) In case of redevelopment of buildings undertaken by MHADA, where construction is in progress, whether the area of new tenement should be 20.90 sq. m or otherwise the question shall be decided by MHADA in each case. However, if area of tenements is not increased to 20.90 sq. m then development will have to be carried out as per approved plan and FSI.</p> <p>11. FSI under these Regulations should be</p> | <p><del>owner or developer at his cost according to the size, design, specification and conditions prescribed by the Municipal Commissioner. The BUA occupied by the constructed building shall be excluded for the purpose of FSI computation, and where it is intended for a Municipal School (RE 1.1) or Primary and Secondary School (RE1.2) the building or part thereof intended for the school use shall be handed over free of cost and charge to the Corporation. Thereafter, the land may be allowed to be redeveloped with the full permissible FSI of the plot according to this Regulation.</del></p> <p>(ii) In the case of lands affected by reservation</p> |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |

|                        |                                  | <p>Regulations whichever is more.</p> <p>8. Relaxation in building and other requirements for rehabilitation: Notwithstanding anything contained in these Regulations, the relaxations incorporated in Regulation No. 33 (10) of these Regulations except clause 6.18 shall apply.</p> <p>9. 20% of the incentive FSI can be used for non-residential purposes otherwise permissible in the DCR.</p> <p>10(a) In case of redevelopment scheme in progress and such schemes where LOI has been issued, the Owner/Developer/Co-op. Housing Society with the prior approval of Govt. may convert the proposal in accordance with modified regulations, only regarding size of tenements and loading of FSI, insitu. However, such</p> | <p>allowed by the Commissioner only after Mumbai Repairs and Reconstruction Board is satisfied that the said redevelopment proposal fulfills all conditions to be eligible for the benefits under these regulations.</p> <p>12. In case of the redevelopment of cessed buildings, the concessions regarding exclusion of areas from computation of FSI for general buildings stipulated in Regulation No.31(1) shall apply.</p> <p>13. Since the permissible FSI in clause 5 above is dependent upon the number of occupiers and the actual area occupied by them, no new tenancy created after 13.6.1996 or date as decided by GoM from time to time shall be considered. Further unauthorized constructions made in the cessed buildings shall not be considered while computation</p> | <p><del>for Higher Education (RE2.1) in the DP, a building of accommodating such number of students as may be decided by the Municipal Commissioner, not in any case for less than 800 students, shall be constructed by the owner or developer according to the size, design, specification and conditions prescribed by the Municipal Commissioner, the built up area occupied by the constructed building shall be excluded for the purpose of FSI computation. The constructed building shall be handed over to the Corporation free of cost and charge and the Municipal Commissioner may hand over the same or</del></p> |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |

|                        |                                  | <p>buildings, the concessions regarding exclusion of areas from computation of FSI for general buildings stipulated in Regulation No.31(1) shall apply.</p> <p>13. Since the permissible FSI in clause 5 above is dependent upon the number of occupiers and the actual area occupied by them, no new tenancy created after 13.6.1996 shall be considered. Further unauthorized constructions made in the cessed buildings shall not be considered while computation of existing FSI. However the occupier may be allowed to declare whether the tenement is residential or non-residential.</p> <p>14. For smooth implementation of the redevelopment scheme undertaken by owners and/or Co-operative Housing Society of the occupiers, temporary transit camps may be permitted on the same land or</p> | <p>(<del>excluding</del> the fungible <del>compensatory area</del>/BUA), or Rs 5,000 per sq. m whichever is more for BUA over and above the <del>existing BUA</del> shall be paid by the owner/developer/society, for the rehabilitation and free sale components. This amount shall be paid to the Corporation in accordance with the time schedule for such payment as may be laid down by the Commissioner, MCGM provided the payment of installments shall not go beyond the completion of construction. This amount shall be used for Scheme to be prepared for the improvement of off-site infrastructure in the area around the development. <del>Development cess</del> shall be in addition to development charges levied as per section 124 of MR&amp;TP Act 1966.</p> <p>16. As per the provision of</p> | <p><del>1.1) or Primary and Secondary School (RE1.2) or Higher Education (RE2.1) in proportion to the area under reservation affecting the plot under development.</del></p> <p><del>(iv) Requirements of Play Ground as per regulation no 38(I) (2) of these regulations may not be insisted upon for (i), (ii) and (iii) above.</del></p> <p><del>(e) In case of the plot reserved for Parking Lot, 100% BUA as per Zonal (basic) FSI of such reserved area shall be handed over to the MCGM.</del></p> <p><del>(f) For other buildable reservations except (d) &amp; (e) above, BUA equal to 25 per cent of the area under reservation in that plot, shall be made available free of cost for</del></p> |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |

|                        |                                  |                                                                                | <p>entitled to a tenement of minimum carpet area of 27.88 sq. m (300 sq. ft.).</p> <p>4. No new tenancy created after 13/6/96 shall be considered. Further, unauthorized construction made in buildings for creating new tenancy in the existing tenancies shall not be considered while doing computation of existing FSI. A certified inspection extract of the Municipal Corporation for the year 1995-96 or Court Order proving the existence of tenements prior to 13/6/96 shall be considered adequate evidence to establish the number of tenements. However, the Govt. may issue comprehensive guidelines for determination of eligibility of occupiers and tenants therein.</p> <p>5. The list of tenants and area occupied by each of them in the old building and the irrevocable written consent as specified in 2 (a) above shall be certified by the Municipal</p> | <p>rehab FSI but shall not be considered for incentive FSI. Provided further that each eligible residential cum commercial occupant shall be entitled to a tenement of minimum carpet area of 27.88 sq. m (300 sq. ft.).</p> <p>10. No new tenancy created after 13/6/96 shall be considered. Further, unauthorized construction made in buildings for creating new tenancy in the existing tenancies shall not be considered while doing computation of existing FSI. A certified inspection extract of the Municipal Corporation for the year 1995-96 or Court Order proving the existence of tenements prior to 13/6/96 shall be considered adequate evidence to establish the number of tenements. However, the Govt. may issue comprehensive guidelines for determination of eligibility of occupiers and tenants therein.</p> | <p>made in buildings for creating new tenancy in the existing tenancies shall not be considered while doing computation of existing FSI. | 1                      | 2                                | 3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | 4                                                                               | 5                                                                                                 | 6                                                                                                                                                                                                                         |
|                        |                                  | <p>commencement certificate beyond plinth of the development of Owner's share, whichever is earlier.</p> <p>(c) The Land Owner shall have the option of developing all AH, POS, Institution, education, health and social amenities (hereafter referred to as AH &amp; Amenities) and handing them over to the MCGM.</p> <p>(d) The development of AH &amp; Amenities shall be as per specifications laid down by the Commissioner, within three years from date of approval to the individual building plans of AH, POS and amenities, unless extended by the Municipal Commissioner for valid, recorded reasons.</p> <p>(e) Provision of amenities as per Regulation No. 14(A) and 15 shall not be applicable for development under this Regulation.</p> <p>(f) The carpet area of affordable housing tenements shall be EWS (30 m<sup>2</sup>), LIG (45 m<sup>2</sup>) and MIG (60 m<sup>2</sup>) in the ratio of 0.35, 0.35 &amp; 0.30 respectively. Any minor variation in tenement percentages must be recorded in writing and be reflective of actual demand. Over a period of time, with approval of GoM, the carpet area of tenements may be upwardly revised to reflect a rising economy, higher incomes and the aspirations of citizens.</p> <p>(g) The proposal under this Regulation shall be considered with the approval of the Municipal Commissioner.</p> <p>(h) Notwithstanding anything contained in these Regulations, residential/commercial uses otherwise permissible, independent of road width to which it abuts shall be permissible on the Owner's share of land.</p> <p>5. Infrastructure Development</p> <p>The owner shall develop the infrastructure network within the layout (AH &amp; Amenities) to be handed over to MCGM (road + water supply mains + sewer line + storm water drain + street lights pertaining to that specific scheme) as per the requirements of the concerned departments.</p> <p>6. Permissible FSI:</p> <p>(a) If the Owner opts out of the responsibility of developing AH &amp; Amenities, he will get FSI 0.8 of the gross plot (AH + POS+ all public amenity land + area covered under 2 numbers of roads to be</p> |                                                                                 |                                                                                                   | tenements/Amenities may be allowed at the option of owner/developer. However, 20 % of such admissible TDR for unconsumed BUA shall be released only after handing over the entire area of AH tenements/Amenities to MCGM. |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

However, 20 % of such admissible TDR for unconsumed BUA shall be released only after handing over the entire area of AH tenements/Amenities/IA to MCGM.</p> <p>i) Requirement of ROS as per Regulation No 27 may be kept at 8% on Owners share of land &amp; in respect of plot of AH.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                 |                                                                                                   |                                                                                                    |
|                        |                                  | <p><u>Provision u/s. Section 30</u><br/> <b>33(8) Construction of Affordable Housing in Special Development Zone II (SDZ II)</b></p> <p><b>(A) General</b><br/> The provision of this Regulation shall apply to any contiguous, unbroken and uninterrupted piece of land, not less than 1.0 ha, and not disqualified from development, on account of other laws or regulations that are binding. Owners of land parcels having plot area lesser than 1 ha may come together to create contiguous land parcels of 1ha or more &amp; submit proposal for development under this Regulation along with proper access as per these Regulations.</p> <p><b>(B) Planning Considerations /Submission of Proposal</b><br/> The proposal shall be submitted by the Owner, containing the demand assessment for infrastructure such as roads, water supply, sewerage and storm water drains along with clearly earmarking the area for Public Open Spaces (POS), Affordable Housing (AH), Other Amenities (OA), (viz. Education, Health &amp; Social Amenities) and area for other development i.e. owners share of land. If OA/POS/AH to be handed over to MCGM is not abutting the municipal road, the same shall be provided with uninterrupted access as per table no 7 of Regulation No 23(1). The area of the land after deduction of the area covered under road/uninterrupted access proposed as above, shall be apportioned among Owner's Share, AH, POS, and OA as detailed below. These roads/uninterrupted access shall be handed over to MCGM and will be eligible for additional BUA equal to area of land surrendered/transferred over and above FSI as stipulated below in Sr. No. D</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP)                                                                                                                                                                                                                                | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                          |                                 |                    | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 |                 |                            | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966                                                                                                                                                                                                                                                                                                                                     | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p>(f) The carpet areas of the tenements to be constructed shall be for EWS, LIG and MIG or as decided by Govt. from time to time subject to a minimum 25 sq. m.</p> <p>(g) The proposal under this Regulation shall be considered with the approval of the Municipal Commissioner.</p> <p>(h) Requirement of LOS as per the provisions of Regulation No.27 on AH plot and owner's share of land shall be 15%. Thus overall 25% cumulative LOS of entire holding shall be achieved by considering POS to be handed over to MCGM and owners share of land/AH plot.</p> <p>(C)Infrastructure Development<br/>The owner shall develop the infrastructure network within the layout (AH,POS &amp; OA) to be handed over to MCGM (road + water supply mains + sewer line + storm water drain + street lights pertaining to that specific scheme) as per the requirements of the concerned departments.</p> <p>(D)Permissible FSI</p> <p>(a) If the Owner opts out of the responsibility of developing AH &amp; OA, he will get FSI 1.0 of the gross plot (AH + POS+OA + area covered under road to be handed over to MCGM + land forming Owner's share of that specific scheme) on the Owner's share of land.</p> <p>(b)If the Owner opts to develop the cited AH &amp; OA, the Owner shall be entitled for FSI 1 of the gross plot (AH + POS+ OA + area covered under roads to be handed over to MCGM + land forming Owner's share of that specific scheme) on the Owner's share of land along with cost of construction in the form of BUA as per Clause (E) (a)</p> <p>(c)The Owner would also be compensated for all infrastructure developed by him that is not attributable to infrastructure pertaining to Owner's share of land and construction of the AH tenements &amp; OA as described below.</p> <p>(d)The Development of the plot handed over for AH shall be with FSI 2.5 on the plot of the AH area. The Development of the plot handed over for OA shall be with FSI 2 on the plot of OA with the structural provision for vertical extension for consumption of FSI up to 4 on OA plot. AH Tenements &amp; constructed amenities shall have to be handed over to MCGM. The cost of construction of AH</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP)                                                                                                          | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966                              |   |                                                                                                                                           |  |

|                        |                                                     | <p>The proposal shall be submitted by the Owner, containing the demand assessment for infrastructure such as roads, water supply, sewerage and storm water drains along with clearly earmarking the area for Public Open Spaces (POS), Affordable Housing (AH), Other Amenities (OA), (viz. Education, Health &amp; Social Amenities) and area for other development i.e. owners share of land. If OA/POS/AH to be handed over to MCGM is not abutting the municipal road, the same shall be provided with uninterrupted access as per table no 7 of Regulation No 23(1). The area of the land after deduction of the area covered under road/uninterrupted access proposed as above, shall be apportioned among Owner's Share, AH, POS, and OA as detailed below. These roads/uninterrupted access shall be handed over to MCGM and will be eligible for additional BUA equal to area of land surrendered/transferred over and above FSI as stipulated below in Sr. No. D</p> <table border="1"> <thead> <tr> <th>Sr. No</th><th>Plot Area</th><th>Affordable Housing</th><th>Public Open Spaces</th><th>Other Amenities</th><th>Area for Other Development</th></tr> </thead> <tbody> <tr> <td>1</td><td><del>Not less than 1 ha &amp; up to 2 ha</del></td><td>30%</td><td>15 %</td><td>16%</td><td>39%</td></tr> <tr> <td>2</td><td><del>More Not less than 2 ha &amp; up to 4 ha</del></td><td>30%</td><td>15 %</td><td>14%</td><td>41%</td></tr> <tr> <td>3</td><td>More than 4 ha</td><td>30%</td><td>15 %</td><td>12%</td><td>43%</td></tr> </tbody> </table> <p>The Owner shall submit his proposal as per above to the Commissioner MCGM. While making such submission, he will take care of the following:</p> <p>(i) He shall distinctly mark lands for AH, POS, OA and Owner's share in the layout. Further earmarking of lands for other amenities like education, health and social amenities cited above shall be done by the Commissioner taking the amenity standards prescribed as minimum.</p> <p>(j) Advance possession of all lands other than the Owner's Share as detailed in the table above shall be handed over to MCGM at the time of approval of layout. The ownership shall be transferred in the</p> |                                                                                 |                                                                                                   | Sr. No                                                                                             | Plot Area | Affordable Housing | Public Open Spaces | Other Amenities | Area for Other Development | 1 | <del>Not less than 1 ha &amp; up to 2 ha</del> | 30% | 15 % | 16% | 39% | 2 | <del>More Not less than 2 ha &amp; up to 4 ha</del> | 30% | 15 % | 14% | 41% | 3 | More than 4 ha | 30% | 15 % | 12% | 43% |  |

| 1                      | 2                                | 3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | 4                                                                               | 5                                                                                                 | 6                                                                                                  |
|                        |                                  | <p>name of MCGM within one year from the date of advance possession or seeking commencement certificate beyond plinth of the development of Owner's share, whichever is earlier.</p> <p>(k) The Land Owner shall have the option of developing AH, OA and handing them over to the MCGM. However, area earmarked for POS, AH, OA shall be levelled along with construction of compound wall before handing over to MCGM.</p> <p>(l) The development of AH &amp; OA shall be as per specifications laid down by the Commissioner, within three years from date of approval to the individual building plans of AH and OA, unless extended by the Commissioner for valid, recorded reasons.</p> <p>(m) Provision of amenities as per Regulation No. 14(A) and 15 shall not be applicable for development under this Regulation.</p> <p>(n) The carpet areas of the tenements to be constructed shall be for EWS, LIG and MIG or as decided by Govt. from time to time subject to a minimum 25 sq. m.</p> <p>(o) The proposal under this Regulation shall be considered with the approval of the Municipal Commissioner.</p> <p>(p) Requirement of LOS as per the provisions of Regulation No.27 on AH plot and owner's share of land shall be 15%. Thus overall 25% cumulative LOS of entire holding shall be achieved by considering POS to be handed over to MCGM and owners share of land/AH plot.</p> <p>(C)Infrastructure Development</p> <p>The owner shall develop the infrastructure network within the layout (AH, POS &amp; OA) to be handed over to MCGM (road + water supply mains + sewer line + storm water drain + street lights pertaining to that specific scheme) as per the requirements of the concerned departments.</p> <p>(D)Permissible FSI</p> <p>(a) If the Owner opts out of the responsibility of developing AH &amp; OA, he will get FSI 1.0 of the gross plot (AH + POS+OA + area covered under road to be handed over to MCGM + land forming Owner's share of that specific scheme) on the Owner's share of land.</p> <p>(b)If the Owner opts to develop the cited AH &amp; OA, the Owner shall be entitled for FSI 1 of the gross plot (AH + POS+ OA + area covered under roads to be handed over to MCGM + land</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p><b>1. General</b></p> <p>Notwithstanding anything contained in these Regulations for lands of Govt./Semi-Govt./Appropriate Authority falling in SDZ II, the provision of this Regulation shall apply to any contiguous, unbroken and uninterrupted piece of land having area not less than 1.0 ha, and not disqualified from development on account of other laws or regulations that are binding.</p> <p><b>2. Planning Considerations /Submission of Proposal</b></p> <p>The proposal shall be submitted containing the demand assessment for infrastructure such as roads, water supply, sewerage and storm water drains along with clearly earmarking the area for Public Open Spaces (POS), Affordable Housing (AH), Other Amenities(OA), (viz. Education, Health &amp; Social Amenities) and area for other development i.e. Govt./Semi-Govt./Appropriate Authority's share of land. If OA/POS to be handed over to MCGM and AH are not abutting the municipal road, the same shall be provided with uninterrupted access as per table no 7 of Regulation No 23(1).The area of the land after deduction of the area covered under road/uninterrupted access proposed as above, shall be apportioned among Govt./Semi-Govt./Appropriate Authority's Share, AH, POS, and OA as detailed below. These roads/uninterrupted access shall be handed over to MCGM and will be eligible for additional BUA equal to area of land as surrendered/transferred over and above FSI as stipulated below in Sr. No. 4</p> <table><tr><th>Sr. No</th><th>Plot Area</th><th>Affordable Housing</th><th>Public Open Spaces</th><th>Other Amenities</th><th>Area for Other Development</th></tr><tr><td>1</td><td>Not less than 1 ha &amp; up to 2 ha</td><td>30%</td><td>15 %</td><td>16%</td><td>39%</td></tr></table> |                                                                                 |                                                                                                   |                                                                                                    | Sr. No | Plot Area | Affordable Housing | Public Open Spaces | Other Amenities | Area for Other Development | 1 | Not less than 1 ha & up to 2 ha | 30% | 15 % | 16% | 39% |  |

|                        |                                  | <p>per ASR of the year of approval shall be paid to MCGM.</p> <p>5. Interchanging the location:</p> <p>The Appropriate Authority may interchange the location of land earmarked as AH + POS + OA in DP with equivalent developable land area under their ownership either in contiguity or in parcels of land not less than 0.5 ha.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                 |                                                                                                   |                                                                                                    |
|                        |                                  | <p>Section 31(1)</p> <p>(B) Land of Govt. /Semi. Govt. /Appropriate Authority appointed by Govt. falling in SDZ H</p> <p>1. General</p> <p>Notwithstanding anything contained in these Regulations for lands of Govt./Semi-Govt./Appropriate Authority falling in SDZ H, the provision of this Regulation shall apply to any contiguous, unbroken and uninterrupted piece of land having area not less than <del>1.0</del> 2.0 ha, and not disqualified from development on account of other laws or regulations that are binding.</p> <p>2. Planning Considerations /Submission of Proposal</p> <p>The proposal shall be submitted containing the demand assessment for infrastructure such as roads, water supply, sewerage and storm water drains along with clearly earmarking the area for Public Open Spaces (POS), Affordable Housing (AH), Other Amenities(OA), (viz. Education, Health &amp; Social Amenities) and area for other development i.e. Govt./Semi-Govt./Appropriate Authority's share of land. If OA/POS to be handed over to MCGM and AH are not abutting the municipal road, the same shall be provided with uninterrupted access as per table no 7 of Regulation No 23(1). The area of the land after deduction of the area covered under road/uninterrupted access proposed as above, shall be apportioned among Govt./Semi-Govt./Appropriate Authority's Share, AH, POS, and OA as detailed below. These roads/uninterrupted access shall be handed over to MCGM and will be eligible for additional BUA equal to area of land as surrendered/transferred over and above FSI as stipulated below in Sr. No. 4</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966 | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |                    |                 |                            |  |

| <p>The Govt./Semi-Govt./Appropriate Authority shall submit their proposal as per above to the Commissioner MCGM. While making such submission, they will take care of the following:</p> <p>a) Govt./Semi-Govt./Appropriate Authority shall distinctly mark lands for AH, POS, OA and Govt./Semi-Govt./Appropriate Authority's share in the layout. Further earmarking of lands for other amenities like education, health and social amenities cited above shall be done by the Commissioner taking the amenity standards prescribed as minimum.</p> <p>b) Advance possession of all lands other than the Govt./Semi-Govt./Appropriate Authority's Share and AH plot as detailed in the table above shall be handed over to MCGM at the time of approval of layout. The ownership shall be transferred in the name of MCGM within one year from the date of advance possession or seeking commencement certificate beyond plinth of the development of Govt./Semi-Govt./Appropriate Authority's share, whichever is earlier. The Govt./Semi-Govt./Appropriate Authority may opt for development of the AH plot on their own as stated in clause 4(b) below.</p> <p>c) Govt./Semi-Govt./Appropriate Authority shall hand over area earmarked for POS &amp; OA</p> |                                  |                                                                                |                                                                                 |                                                                                                   |                                                                                                    |                    |                 |                            |  |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p>after levelling of land along with construction of compound wall to MCGM.</p> <p>d) Provision of amenities as per Regulation No. 14(A) and 15 shall not be applicable for development under this Regulation.</p> <p>e) The carpet areas of the tenements to be constructed shall be for EWS, LIG and MIG or as decided by Govt. from time to time subject to a minimum 25 sq. m.</p> <p>f) The proposal under this Regulation shall be considered with the approval of the Municipal Commissioner.</p> <p>g) Requirement of LOS as per the provisions of Regulation No.27 on AH plot and Govt./Semi-Govt./Appropriate Authority's share of land shall be 15%. Thus overall 25% cumulative LOS of entire holding shall be achieved by considering POS to be handed over to MCGM and owners share of land/AH plot.</p> <p><b>3. Infrastructure Development</b><br/>Govt./Semi-Govt./Appropriate Authority shall develop the infrastructure network within the layout (AH, POS &amp; OA) to be handed over to MCGM (road + water supply mains + sewer line + storm water drain + street lights pertaining to that specific scheme) as per the requirements of the concerned departments.</p> <p><b>4. Permissible FSI:</b></p> <p>a) Govt./Semi-Govt. /Appropriate Authority appointed by Govt. shall be eligible for FSI 1 of the gross plot (AH + POS+ OA + area covered under roads to be handed over to MCGM) on area of other Development.</p> <p>b) The plot earmarked for AH shall may be developed by Government/semi-government/ Appropriate Authority appointed by Govt. with FSI 2.5 on the plot of AH, then the premium for the BUA is payable at 60% of land rate as per ASR (for FSI 1) except if the undertaken by State Govt. &amp; MCGM itself. These tenements shall be made available for general public for the AH as per policy of Govt.</p> <p>c) The development of OA as per the requirements of MCGM shall be permissible as per these Regulations. Provided further that Municipal Commissioner's decision regarding development of OA shall be final &amp; binding.</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                   | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966                                          | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966                                                          |

|                        |                                  | <p>2. Eligibility of Occupants for Rehabilitation under Urban Renewal Scheme (URS)</p> <p>(A) For Buildings --</p> <p>i. No new tenancy created after 13/6/1996 shall be considered. Further, unauthorized construction made in buildings for creating new tenancy in the existing tenancies shall not be considered while computing existing FSI. A certified inspection extract of the Competent Authority/MCGM prior to 13/6/1996 and certification by Competent Authority appointed by Government for this purpose as decided by GR dated 30/03/2016 proving the existence of tenements prior to 13/6/1996 shall be considered adequate evidence to establish the number of tenements and tenants/occupants of such tenements. However, the Govt. in Housing Department, if necessary may issue comprehensive guidelines for determination of eligibility of occupiers and tenants therein.</p> <p>ii. The list of eligible tenants and the area occupied by each of them in BDD Chawls shall be certified by the Competent Authority appointed by Government for this purpose.</p> <p>B) For Dwelling Structures (other than tenements in B.D.D. Chawls buildings)</p> <p>i) Dwelling Structures means all dwelling structures, as defined in Section 3 X of Maharashtra Slums Area (Improvement, Clearance and Redevelopment) Act, 1971, existing prior 1-1-2000.</p> <p>ii) The eligibility of the participants will be certified by the Competent Authorities appointed by Government.</p> <p>iii) The eligibility of such occupiers including transferee under this project shall be established in accordance with Chapter 1-B of Maharashtra Slum Area (Improvement, Clearance, Redevelopment) Act, 1971 and orders issued there under.</p> <p>3. Rehabilitation Entitlements:-</p> <p>(i) Each certified residential tenant/occupant shall be rehabilitated and given on ownership basis, a tenement of Carpet area 46.45 sq. m. This entitlement is consolidated entitlement of rehab area. No further compensatory or other FSI would be available.</p> <p>(ii) Eligible Religious structure/Eligible onsite amenities/Eligible any other non-residential structure shall be given existing carpet area or as decided by the Government.</p> <p>(iii) Each eligible slum dweller shall be entitled to a tenement of carpet area of 25 sq. m (269 sq.ft.)</p> <p>4. Total Permissible FSI for URS:-</p> <p>a) The total permissible FSI for an Urban Renewal Scheme shall be 4.00 on gross plot area, but excluding the reservations/designations, Road set back, area under existing Municipal Roads but including the built up area under reservation/designation, Road set back or sum total of the</p> |                                                                                 |                                                                                                   |                                                                                                    |

| 1                      | 2                                | 3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | 4                                                                               | 5                                                                                                 | 6                                                                                                  |
|                        |                                  | <p>calculating the Average Land Rate and the Basic Ratio.<br/> Provided further that for calculation of the Basic Ratio, the Land Rate (LR) and the Rate of Construction (RC) shall be taken for the year in which the Cluster Development Project is approved and LOI is issued by the Authority competent to approve it and the said ratio shall remain unchanged even if such Scheme undergoes any revision or modification subsequently during its course of completion.<br/> "tolerated structures" encroaching upon the roads in nearby vicinity shall be allowed to be included in the Urban Renewal Scheme and its BUA shall be included in rehabilitation area, provided such structures are permanently removed.<br/> Explanation: -The term "tolerated structure" means the structure used for residential or non-residential purpose and existing prior to 17th April 1964 or 1st April 1962 respectively.<br/> e) It shall be permissible to implement the sanctioned Urban Renewal Scheme in phases. The development in each phase is strictly in conformity with the Master Plan/Layout Plan approved for the entire Urban Renewal Scheme.<br/> Subject to the master plan for the whole cluster being followed, phase wise implementation of Urban Renewal Scheme may be allowed, with pro rata utilization of the total admissible FSI for rehab and incentive component simultaneously.<br/> Provided, further that, while giving permission for phased implementation of the Urban Renewal Scheme, the time frame for implementation of each phase shall also be given. The minimum area for each phase shall be as decided by the Planning Authority.<br/> 5. Development of DP Reservations:--<br/> Construction or reconstruction of slums/buildings falling under Reservations contemplated in the Development Plan shall be permissible as per Regulation No17(3)(C)(II).<br/> 6.30% of the Incentive FSI can be used for non-residential purposes as otherwise permissible under the DCPR.<br/> 7. Development cess at the rate of 100% of Development charge otherwise applicable subject to a minimum of Rs 5000 per sq. m for the BUA over and above the Zonal (basic) FSI, for the rehabilitation and incentive sale component, shall be leviable in respect of any URS by the MCGM in accordance with the time schedule for such payment as may be laid down by the Commissioner, MCGM. This amount shall be kept in a separate account and shall be used for the improvement of off-site infrastructure around the urban renewal cluster. Development cess shall be in addition to development</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p>charges levied as per section 124 of MR&amp;TP Act 1966.</p> <p>This surcharge shall not be applicable to the BUA to be handed over to the MCGM or any Public Authority in lieu of reservation or to the amenity areas to be handed over to the MCGM as per the requirement indicated by the MCGM or the Empowered Power Committee.</p> <p>8.The temporary transit camps may be permitted in the same Urban Renewal Cluster or elsewhere in MCGM limits on land belonging to the Planning Authority up to 4.00 FSI with the concessions permissible under SRA. Scheme under Regulation 33(10) of these DCPR. Such transit camps shall have to be demolished after full occupation certificate is granted to the Rehabilitation Component by the Officer appointed by the Planning Authority for the reconstructed building. Till the transit camps are fully demolished, the Officer appointed by the Planning Authority shall not release FSI for the Incentive component area under the URS in excess of 75% of the total admissible Incentive FSI.</p> <p>9.In the case of specific designations/reservations in the Development Plan, the Officer appointed by the Planning Authority, may shift, interchange the designation/reservation in the same cluster, to which an access is available from peripheral or outer road or has to be provided and the same is not encumbered, provided that the area of such designation /reservation is not reduced.</p> <p>10.Non-conforming Activities – All activities which are existing shall be allowed to be re-accommodated regardless of the nonconforming nature of such activities excepting those which are hazardous and highly polluting and those where alternative accommodation has to be provided elsewhere by the Planning Authority.</p> <p>11. Relaxation in Building and other requirements:-</p> <p>In case of tenements of 46.45 sq. m carpet area for rehabilitation or tenements to be handed over to the Planning Authority, the following shall be applicable.</p> <p>11.1 Calculation of FSI for all purposes shall be on gross area of the URS i.e. without deducting any percentage for recreational open space. This shall not affect the requirement of physical recreational open space, to be kept on the site as per prevailing DCPR</p> <p>11.2 The provision in Regulation 37(20) relating to balcony shall apply to the URS with the following specifications: - Balcony shall not reduce marginal open space to less than 3.00 m. However, at ground level, minimum 4.5 m clear margin shall be maintained.</p> <p>11.3 Notwithstanding anything contained in Regulation 31(3) of the DCPR, areas of common passages not exceeding 2.0 m. in width, provided for giving access to the tenements in rehabilitation component</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |        |       |           |      |             |      |             |      |            |      |  |

|                        |                                  | <p>the two shall prevail. The pathway shall act as access wherever necessary. The building shall be permitted to touch pathways.</p> <p>11.12 The means of access shall be normally governed by the provisions of Regulation No. 23. However, in the URS, wherever the design of the buildings up to 32 m. height requires relaxation in the width of access, the same may be given. However, high rise building shall be permissible only on access having width of 9 m. and above.</p> <p>11.13 Even if the recreational open space is reduced to make the project URS viable, at least 10 % of URC plot area shall be provided as recreational open space. In addition to this, 10% of URC plot area shall be earmarked for amenity space which can be adjusted against the D.P. reservation if any, existing on such plot. The type or location of the amenity to be decided by Officer appointed by the Planning Authority and shall be handed over free of cost to Planning Authority. The BUA of such amenity shall be added to the Rehab component while calculating the share of incentive component.</p> <p>11.14 Premium shall not be charged for exclusion of staircase and lift well etc. as covered under the provisions of Regulation No 31(1)</p> <p>11.15 In order to make the Urban Renewal Scheme viable, the Officer appointed by the Planning Authority shall be competent to sanction any relaxation in marginal open spaces except front marginal open spaces and parking requirements wherever necessary due to bonafide hardship, for reasons to be recorded in writing which shall not affect general health, fire and safety requirements. However the Govt. or Empowered Committee shall have the power to relax any of the provisions in these Regulations.</p> <p>11.16 All relaxations outlined hereinabove shall be admissible to entire project area under the URS. Premium shall not be charged for all or any of the relaxations given hereinabove or for any other relaxations mentioned in Regulation No 31(1).</p> <p>11.17 The parking in the scheme shall be provided as per Regulation No.44.</p> <p>12.The approving / sanctioning authority for the building plans under the URS shall be the Officer appointed by the Planning Authority as per the MRTP Act, 1966 even if the URS partly consists/of declared slums/slums on Municipal/Govt. lands existing prior to 1st January 2000 or such/other reference date notified by the Government.</p> <p>13 .Religious structures existing on the site of URS prior to redevelopment, if allowed to be redeveloped in accordance with the guidelines issued by the Government from time to time, shall not, following such redevelopment, have area exceeding their area prior to redevelopment.</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |

|                        |                                  | <p>areas are developed or are being developed.</p> <p>2. Eligibility of Occupants for Rehabilitation under Urban Renewal Scheme (URS)</p> <p>(A) For Buildings --</p> <p>i. No new tenancy created after 13/6/1996 shall be considered. Further, unauthorized construction made in buildings for creating new tenancy in the existing tenancies shall not be considered while computing existing FSI. A certified inspection extract of the Competent Authority/MCGM prior to 13/6/1996 and certification by Competent Authority appointed by Government for this purpose as decided by GR dated 30/03/2016 proving the existence of tenements prior to 13/6/1996 shall be considered adequate evidence to establish the number of tenements and tenants/occupants of such tenements. However, the Govt. in Housing Department, if necessary may issue comprehensive guidelines for determination of eligibility of occupiers and tenants therein.</p> <p>ii. The list of eligible tenants and the area occupied by each of them in BDD Chawls shall be certified by the Competent Authority appointed by Government for this purpose.</p> <p>B) For Dwelling Structures (other than tenements in B.D.D. Chawls buildings)</p> <p>i) Dwelling Structures means all dwelling structures, as defined in Section 3 X of Maharashtra Slums Area (Improvement, Clearance and Redevelopment) Act, 1971, existing prior 1-1-2000.</p> <p>ii) The eligibility of the participants will be certified by the Competent Authorities appointed by Government.</p> <p>iii) The eligibility of such occupiers including transferee under this project shall be established in accordance with Chapter 1-B of Maharashtra Slum Area (Improvement, Clearance, Redevelopment) Act, 1971 and orders issued there under.</p> <p>3. Rehabilitation Entitlements:-</p> <p>(iv) Each certified residential tenant/occupant shall be rehabilitated and given on ownership basis, a tenement of Carpet area 46.45 sq. m. This entitlement is consolidated entitlement of rehab area. No further compensatory or other FSI would be available.</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP)    | Regulation No as per RDDP - 2034                     | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act, 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act, 1966 |                       |                                                      |  |  |  |  |                       |                      |                       |                     |            |     |     |     |     |                           |     |     |     |     |

|                        |                                  | <p>implementation of Urban Renewal Scheme may be allowed, with pro rata utilization of the total admissible FSI for rehab and incentive component simultaneously.</p> <p>Provided, further that, while giving permission for phased implementation of the Urban Renewal Scheme, the time frame for implementation of each phase shall also be given. The minimum area for each phase shall be as decided by the Planning Authority.</p> <p>5. Development of DP Reservations:--<br/>Construction or reconstruction of slums/buildings falling under Reservations contemplated in the Development Plan shall be permissible as per Regulation No17(3)(C)(II)</p> <p>6. 30% of the Incentive FSI can be used for non-residential purposes as otherwise permissible under the DCPR.</p> <p>7. Development cess at the rate of 100% of Development charge otherwise applicable subject to a minimum of Rs 5000 per sq. m for the BUA over and above the Zonal (basic) FSI, for the rehabilitation and incentive sale component, shall be leviable in respect of any URS by the MCGM in accordance with the time schedule for such payment as may be laid down by the Commissioner, MCGM. This amount shall be kept in a separate account and shall be used for the improvement of off-site infrastructure around the urban renewal cluster. Development cess shall be in addition to development charges levied as per section 124 of MR&amp;TP Act 1966.<br/>This surcharge shall not be applicable to the BUA to be handed over to the MCGM or any Public Authority in lieu of reservation or to the amenity areas to be handed over to the MCGM as per the requirement indicated by the MCGM or the Empowered Power Committee.</p> <p>8. The temporary transit camps may be permitted in the same Urban Renewal Cluster or elsewhere in MCGM limits on land belonging to the Planning Authority up to 4.00 FSI with the concessions permissible under SRA. Scheme under Regulation 33(10) of these DCPR. Such transit camps shall have to be demolished after full occupation certificate is granted to the Rehabilitation Component by the Officer appointed by the Planning Authority for the reconstructed building. Till the transit camps are fully demolished, the Officer appointed by the Planning Authority shall not release FSI for the Incentive component area under the URS in</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p>11.11 Between the dimensions prescribed for the pathway and the marginal distances, the larger of the two shall prevail. The pathway shall act as access wherever necessary. The building shall be permitted to touch pathways.</p> <p>11.12 The means of access shall be normally governed by the provisions of Regulation No. 23. However, in the URS, wherever the design of the buildings up to 32 m. height requires relaxation in the width of access, the same may be given. However, high rise building shall be permissible only on access having width of 9 m. and above.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                 |                                                                                                   |                                                                                                    |       |            |      |             |      |             |      |            |      |  |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966 | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966 |

|                        |                                  | <p>11.13 Even if the recreational open space is reduced to make the project URS viable, at least 10 % of URC plot area shall be provided as recreational open space. In addition to this, 10% of URC plot area shall be earmarked for amenity space which can be adjusted against the D.P. reservation if any, existing on such plot. The type or location of the amenity to be decided by Officer appointed by the Planning Authority and shall be handed over free of cost to Planning Authority. The BUA of such amenity shall be added to the Rehab component while calculating the share of incentive component.</p> <p>11.14 Premium shall not be charged for exclusion of staircase and lift well etc. as covered under the provisions of Regulation No 31(1)</p> <p>11.15 In order to make the Urban Renewal Scheme viable, the Officer appointed by the Planning Authority shall be competent to sanction any relaxation in marginal open spaces except front marginal open spaces and parking requirements wherever necessary due to bonafide hardship, for reasons to be recorded in writing which shall not affect general health, fire and safety requirements. However the Govt. or Empowered Committee shall have the power to relax any of the provisions in these Regulations.</p> <p>11.16 All relaxations outlined hereinabove shall be admissible to entire project area under the URS. Premium shall not be charged for all or any of the relaxations given hereinabove or for any other relaxations mentioned in Regulation No 31(1).</p> <p>11.17 The parking in the scheme shall be provided as per Regulation No. 44.</p> <p>12. The approving / sanctioning authority for the building plans under the URS shall be the Officer appointed by the Planning Authority as per the MRTP Act, 1966 even if the URS partly consists/of declared slums/slums on Municipal/Govt. lands existing prior to 1st January 2000 or such/other reference date notified by the Government.</p> <p>13. Religious structures existing on the site of URS prior to redevelopment, if allowed to be redeveloped in accordance with the guidelines issued by the Government from time to time, shall not, following such redevelopment, have area exceeding their area prior to redevelopment.</p> <p>14. Restriction on transfer of tenements shall be governed by the provisions of Maharashtra Rent Control Act, till Co-op. Housing Society is formed and thereafter the same shall be governed by the provision of Maharashtra Co-op. Societies Act. However, tenements constructed for slum rehabilitation shall not be transferable for a period of 10 years. Transfer</p> |                                                                                 |                                                                                                   |                                                                                                    |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                                             | Substantial modification published by the Government under section 31(1) of the MR & TP Act. 1966                                                                 | Substantial modification sanctioned by the Government under section 31(1) of the MR & TP Act. 1966                                                                                                                                                                                                                                            |
