|                        |                                  | Regulation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| EP-36                  | Part-III<br>17<br>(3)(C)(I)      | <p>8. Development of DP Reservations:</p> <p>8. Development of DP Reservations: Construction or reconstruction of slums/buildings falling under Reservations contemplated in the DP shall be permissible as under-</p> <p>a. Redevelopment/reconstruction in any zone shall be allowed to be undertaken without going through the process of change of zone. However, for the industrial user, the existing segregating distance shall be maintained from the existing industrial unit.</p> <p>b. Any land under non-buildable/open space reservations, admeasuring upto 500 sq. m may be cleared by shifting the existing tenants from that site.</p> <p>c. If the area under a non-buildable/ open space reservation is more than 500 sq. m, minimum 50% of the area</p> | <p>(C) (I) Development of reservation in Reconstruction or redevelopment of Cluster(s) of Buildings under Cluster Development Scheme(s) under Regulation No. 33(9):</p> <p>a. Redevelopment/reconstruction in any zone shall be allowed to be undertaken without going through the process of change of zone. However, for the industrial user, the existing segregating distance shall be maintained from the existing industrial unit.</p> <p>b. Any land under non-buildable/open space reservations, admeasuring up to 500 sq. m may be cleared by shifting the existing tenants from that site.</p> <p>c. If the area under a non-buildable/ open space reservation is more than 500 sq. m, minimum 50% of the area under reservation shall be developed for the same purpose and handed over to MCGM, subject to a minimum of 500 sq. m and the remaining land shall be allowed for development.</p> | <p>(C) (I) Development of reservation in Reconstruction or redevelopment of Cluster(s) of Buildings under Cluster Development Scheme(s) under Regulation No. 33(9):</p> <p>a. Redevelopment/reconstruction in any zone shall be allowed to be undertaken without going through the process of change of zone. However, for the industrial user, the existing segregating distance shall be maintained from the existing industrial unit.</p> <p>b. Any land under non-buildable/open space reservations, admeasuring up to 500 sq. m may be cleared by shifting the existing tenants from that site.</p> <p>c. If the area under a non-buildable/ open space reservation is more than 500 sq. m, minimum 50% of the area under reservation shall be developed for the same</p> | <p>Sanctioned as proposed with following modifications.</p> <p>f. For other buildable reservations on land, BUA equal to 60% of the Zonal (basic) FSI under such reservations or existing BUA of the amenity (designation) whichever is more, on that plot shall be made available free of FSI and free of cost to the MCGM or the Appropriate Authority. The reservations of compatible nature can be preferably constructed in one or more separate blocks, depending on the area and nature of such reservations and Municipal Commissioner may permit composite development of reservations in case of such reservations. However, if the HPC/Planning Authority requires BUA under any designation/reservation in excess of the Zonal (basic)</p> |

| Excluded Part No. (EP) | Regulation No as per RDDP - 2034 | Provision of Regulation as published under section 26 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Provision of Regulations as submitted under section 30 of the MR & TP Act, 1966                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Substantial Modification Published by Government Under Section 31 of M.R.T.P Act. 1966.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Substantial Modification sanctioned by Government Under Section 31 of M.R.T.P Act. 1966.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

| <p>(3) Requirement of LOS as per the provisions of Regulation No.27 (1)(a) shall be insisted.</p> <p>(4) In the event of DP having provided reservation/reservations on a plot where development under Regulation No 33(10) is proposed, the following shall apply:</p> <p>a. If the area under DP reservation to be handed over to MCGM (excluding the areas under D P roads/ road setback) is less than the land component of built up amenity required as per this Regulation, only the additional land area shall be provided for amenity.</p> <p>b. If the area under DP reservation to be handed over to MCGM, (excluding the areas under DP roads/ road setback), is more than the land component of built up amenity required as per this Regulation, then the provision for amenity is not necessary.</p> <p>5) The owner shall give advanced possession of the land wherever applicable (to be handed over) to MCGM/Appropriate Authority at the time of seeking Approval for Development of plot. It shall be responsibility of the land owner to clear all the encumbrances and complete the formalities towards transferring the land in the name of MCGM/Appropriate Authority. Proforma of possession receipt shall be</p> |                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                 |                                                                                         |                                                                                                                                                                                     |   |                                 |                                                                                                                                                                                    |   |                 |                                                                                                                                                                                    |  |  |  |

The dead end shall be at a level higher than the main road from where the cul-de-sac road takes off. The turning space, in each case, should not be less than 81sq.m. in area, no dimension being less than 9 m.</p> <p>(EP-47)</p> |                                                                                 |                                             |                                                                                          |                                                                                           | (1) | Access length in meters (m) | Area served (sq. m) |  |  |  |  | Less than 1500 | More than 1500 & up to 4,000 | More than 4000 & up to 10,000 | More than 10,000 | Width in meters (m) |  |  |  |  | (2) | (3) | (4) | (5) |  | Less than 75 | 6 | 7.5 | 9 | 12 |  | More than 75 & upto 150 | 7.5 | 7.5 | 9 | 12 |  | More than 150 & up to 300 | 9 | 9 | 9 | 12 |  | Over 300 | 12 | 12 | 12 | 12 |  |

|                                  | 32 – 1.0                                                                                                               | <p>32 Transfer of Development Rights (TDR)</p> <p>In certain circumstances the development potential of a plot of land may be separated from the land itself and may be made available to the owner of the land in the form of Transferable Development Rights (TDR). These Rights may be made available and be subject to the Regulations as detailed below.</p> <p>TDRs as per provision of this regulation shall be applicable only to prospective development: -</p> <p>1.TDR in lieu of handing over of areas affecting reservations including DP road:</p> <p>1.TDR in lieu of handing over of areas affecting reservations including DP road:</p> <p>The land reserved for public purposes in the DP can be compulsorily acquired, according to the provisions of Section 125, and clauses (a) and (c) of Sub-section (1) of Section 126 of the MR&amp;TP Act. Alternatively, owner of the land reserved for public purposes can be granted “Transferable Development Rights” (TDR) in lieu of the monetary compensation as provided under Sub Clause (b) of Sub-section (1) of Section 126 of the MR&amp;TP Act. The grant of Development Right will be governed by the following:</p> <p>Owner of the land reserved for any public purpose desirous of availing the TDR may apply to the Commissioner in prescribed form, expressing his willingness to surrender the land so reserved, free of cost and free of all encumbrances to MCGMor as described below. The cases in which TDR will be offered are further defined below.</p> <p>Table No 12(A)</p> <p>Instances in which TDR can be availed.</p> <table><tr><th>Sr<br/>No</th><th>Instances</th><th>Extent of TDR</th><th>Remarks/conditions</th></tr><tr><td>1</td><td>a) If entire plot of land reserved for public purpose in the DP and land is surrendered to MCGM/Appropriate Authority.</td><td>BUA as per the Zonal (basic) FSI of land so surrendered + BUA equal to plot area of land so surrendered</td><td>a)Where land is not handed over yet and FSI benefit is not approved in the development proposal on remainder plot &amp; no TDR/monitory</td></tr></table> |                                                                                                                                     |                                                                                                           | Sr<br>No                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Instances | Extent of TDR | Remarks/conditions | 1 | a) If entire plot of land reserved for public purpose in the DP and land is surrendered to MCGM/Appropriate Authority. | BUA as per the Zonal (basic) FSI of land so surrendered + BUA equal to plot area of land so surrendered | a)Where land is not handed over yet and FSI benefit is not approved in the development proposal on remainder plot & no TDR/monitory | following modification. |

|                                  |                                           | <p>Note: Land rates of ASR of both RRLo&amp;RRLr shall be of the relevant year in which scrutiny fees for utilization of TDR is paid. In case there are more than one land rate applicable to different parts of the plot under development, a weighted average of all the applicable rates shall be taken for calculation.</p> <p>Transferable Development Rights (TDRr) and the corresponding Transferable Development Rights (TDRo) shall be clearly indicated on the Development Rights Certificate that are used.</p> <p>Note: 1.Utilisation of TDR generated as per Table No 12(A) or as provided under these Regulations shall be dealt at par.</p> <p>2. Utilization of DRC/DRC's issued prior to coming into force of these Regulations shall be dealt with as per the then prevailing Regulations/policy only.</p> <p><u>Provision u/s. Section 30</u></p> <p>32 Transfer of Development Rights (TDR)</p> <p>In certain circumstances the development potential of a plot of land may be separated from the land itself and may be made available to the owner of the land in the form of Transferable Development Rights (TDR). These Rights may be made available and be subject to the Regulations as detailed below.</p> <p>TDRs as per provision of this regulation shall be applicable only to prospective development</p> <p>1. TDR in lieu of handing over of areas affecting reservations including DP road</p> <p>The land reserved for public purposes in the DP can be compulsorily acquired, according to the provisions of Section 125, and clauses (a) and (c) of Sub-section (1) of Section 126 of the MR&amp;TP Act.</p> <p>Alternatively, owner of the land reserved for public purposes can be granted "Transferable Development Rights" (TDR) in lieu of the monetary compensation as provided under Sub Clause (b) of Sub-section (1) of Section 126 of the MR&amp;TP Act. The grant of Development Right will be governed by the following:</p> <p>Owner of the land reserved for any public purpose desirous of availing the TDR may apply to the</p> |                                                                                       |                                                                                                           | <p>or development etc. shall be 50% of normal TDR generated as prescribed above in Table 12 A of these Regulation. Provided that the Municipal Commoissioner shall be satisfied that the said land can be used for the intended purpose.</p> <p>4)Clause No. 4.1.2 is modified as below.</p> <p>4.1.2 DRC shall be issued only after the land is transferred to the Municipal Corporation, only after compliance of conditions stipulated in these regulations and after handing over and taking over possession of the reserved land for which TDR is sought at free of cost and free from encumbrances and after leveling the land to the surrounding ground level and after constructing / erecting a 1.5 m. high compound wall / fencing i.e.</p> |
